Details Top Handle Scorpio

When it comes to top handles, there's only so much you can do right? Well, we wanted to take that challenge on. That why we came up with the TOP HANDLE SCORPIO. The top handle is made from CNC aluminum, and will stand the test of time. With plenty industry standard 1/4-20 and 3/8 mounting options, four cold shoe mounts, and new 15mm rod mount, your bound to find new ways of mounting your gear. The new quick releasing 15mm rod mount make mounting EVF's and other 15mm rod accessories a breeze. We completely redesigned the main mounting bracket too. With the industry standard Arris Rosette or Arri NATO Rostte. Which ever you choose, the TOP HANDLE SCORPIO is the perfect choice for your production.

15MM ROD MOUNT

Allows mounting variety of additional accessories.

Multipurpose, usefull and practical solution for long-term usage.

FOUR COLD SHOES

Additionally, the handle is equipped with four cold shoes.

Ability to arrange accessories in many different ways,
thanks to placing cold shoes in front and at the back of the handle.

QUICK RELEASE SYSTEM

Quick release system allows quick handle removing.

Ergonomic design allows to operate with no tools.

Created with care for details.

28MM ARRIS ROSETTE STANDARD

Handle is equipped with 28mm Arri Rosette standard.

Arri Rosette permit 360 degree movement.

Arri Rosette permit 360 degree movement.

Standardization enables to organize your gear to optimal usage.

MOUNTING ACCESSORIES:

Two mounting solutions to your choice:

1 - Arri Rosette 28mm Mount:

360 degree movement.

Attaching and detaching of the handle with no-tools

2 - Arri NATO Rosette 28mm Mount + Safety NATO Rail 60mm:

Quick release system,

360 degree movement,

Safety NATO Rail allows to right/left move of the handle.
