Description du produit :

8Sinn 10" Arri Dovetail Plate is a standard solution for advanced camera rigs. Fashioned from one piece of air aluminum with weight-reducing holes and Helicoil threads for extra precision and endurance. The plate is equipped with an essential release pin and stopper screw. Smooth guide rails are compatible with every dovetail-related accessory. Recommended when working with large lenses and heavy camera setups, where maximum balancing is required.

Dimensions: Length: 127mm, Height: 11mm, Width: 68mm, Weight: 118g

Set includes: 1pc 8Sinn 5" Arri Dovetail Plate
